## Hygiene / Health

Please **bathe your dogs** and/or wash your dog's bed or blanket prior to drop off. If the dog is dropped off and is not smelling good as an indoor dog should, then **a bath would be given to your dog at your expense.**

If BPS determines that **your dog was brought into our home infested with fleas or ticks**, BPS may bath your dog with a flea and tick shampoo and apply medication and you will be responsible to pay for such bath and medication given.

### **Early Returns / Last Minute Changes**

It is not unusual for trip plans to change at the last minute. However, please understand that BPS carefully schedules bookings for you and our other clients. Therefore, there are **NO REFUNDS OR CREDITS** for early returns or last minute changes to pet care.

## **Indoors**

Dogs are separated for eating and sleeping time in a 3 X 5 or 6 X 5 play pen. Some pets are used to having their food available and eat throughout the day whenever they are hungry. By providing a safe area for sleeping and eating, we avoid potential upset stomachs from other dogs eating your dog's food.

You are welcome to bring your dog's bed, pillow, blankets, **non-ceramic** plastic or metal bowls, food, treats, crate (puppies in training), favorite toy & chewing bone.

Please bring something with your scent (T-Shirt, blanket, pillow case, etc) to reduce separation anxiety.

## **Feeding Instructions**

Please pre-measure and pre-pack, if possible, each dry meal in a resealable bag or container. If you bring the food container or bag of food, please indicate quantity and frequency.

If your pet eats table food, scraps or certain foods other than their dry food please let us know so we can also spoil your dog while staying in our home. It is no trouble for us, we would much rather have a happy pet eating well than a starving unhappy pet.
